Note 1: GDRs include both publicly offered and privately offered GDRs. Publicly offered GDRs are those that have been approved by the FSC; privately placed GDRs are those that have been approved by resolution of the board of directors.

Note 2: Adjust the number of columns according to the actual number of issues.

Note 3: If the Company has previously sponsored any issuance of GDRs, specify the relevant market prices of the GDRs in the most recent fiscal year and the current year as at the publication date of the annual report. If the GDRs are traded in multiple places, the information should be disclosed separately for all trading places.

Note 4: If it is a private placement, the fact that it is a private placement should be prominently indicated.
