2. Where a financial institution outsources the development and maintenance of onshore information system to offshore institutions.

Article 21

When outsourcing operations to outside service providers, a financial institution may not violate any mandatory or prohibitive provisions, public order or good morals, and there shall not be any adverse impact on its business operations, management or the interests of its customers. The financial institution shall also ensure that the Banking Act, Money Laundering Control Act, Computer-Processed Personal Data Protection Act, Consumer Protection Act, and other applicable laws and regulations are complied with.

When outsourcing its operations to outside service providers, a financial institution shall vigorously observe applicable laws and regulations, business rules or self-regulatory agreement set forth by the Bankers Association, and rules and regulations promulgated by the National Federation of Credit Co-operatives, ROC.

Article 22

The competent authority and the Central Bank of China may access relevant data or reports and conduct related financial examination on the outsourced operations of a financial institution.

Article 23

Unless it is otherwise provided in the Regulations herein, a financial institution shall bring its existing outsourcing activities that do not conform to the provisions herein in compliance with the Regulations within six months following its promulgation.

Article 24

The Regulations herein are in force on the date of promulgation.
