audited and certified balance sheet and statement of comprehensive income. An offshore insurance branch shall also, within 45 days after the end of the first and third quarters of each fiscal year, file with the competent authority its CPA-reviewed balance sheet and statement of comprehensive income.

An offshore insurance branch shall, within 10 days after the end of each quarter and each month, file with the CBC respectively the quarterly and monthly business and finance related reports for record.

The statements to be filed pursuant to Paragraph 1 hereof shall be prepared in accordance with the Regulations Governing the Preparation of Financial Reports by Insurance Enterprises.

The format, content, and filing method of the reports to be filed pursuant to Paragraph 2 hereof will be prescribed separately by the CBC.

Article 6 The outward remittance of earnings of the offshore insurance branch of a foreign insurance enterprise may be done only after the offshore insurance branch's reported earnings, audited and certified by CPAs, have been included in the calculation of the total earnings of all other branches of the foreign insurance enterprise inside the ROC and filed with the FSC.

Article 7 The offshore insurance branch of a domestic insurance enterprise shall be included in its head office's calculations of networth and ratio of adjusted net capital to risk-based capital, whereas the offshore insurance branch of a foreign insurance enterprise shall be included in the foreign insurance enterprise's calculations of networth and ratio of adjusted net capital to risk-based capital of all of its branches inside the ROC. Such ratios shall not be below 200% and shall conform to the Regulations Governing Capital Adequacy of Insurance Companies and relevant rules.

The networth of an offshore insurance branch as shown on its CPA-audited and certified financial report shall be at least US\$1 million.

When the ratio of adjusted net capital to risk-based capital of an insurance enterprise falls below 200% or the networth of its offshore insurance branch as shown on the CPA-audited and certified financial report is below US\$1 million, the FSC may order it to remedy the situation within a prescribed time period or increase the allocated working capital of the offshore insurance branch. If the insurance enterprise fails to remedy the situation or increase the allocated working capital by the deadline, the FSC may suspend all or part of its offshore insurance branch's business. The suspended business may be reinstated only after the insurance enterprise's remedial action has been recognized by the FSC, and the insurance enterprise has stayed compliant with the requirements for one year consecutively after the FSC recognition, and has reported to the FSC for approval. If the insurance enterprise did not take the remedial action or increase the allocated working capital one year past the prescribed deadline, the FSC may void the business license of its offshore insurance branch and notify the CBC.

Article 8 A managerial officer of an offshore insurance branch must meet the qualification requirements set out in Articles 3, 5 and 6 of the Regulations Governing Required Qualifications for Responsible Persons of Insurance Enterprises. However, a person serving in that capacity pursuant
